GETTING INTO THE ACTIVITY

Challenge your family to a game of 'Roll the Nativity', trying to be the first to collect all the Nativity characters.

Each person playing will need a copy of the nativity activity sheet, with the characters cut into their individual shapes. Each player should start with the stable. The game is played by rolling the dice. Each number of the dice will allow that player to collect one of the nativity characters to place onto their stable picture. Only one character can be collected on each roll. Play until one person has collected all the characters.

All players should take turns in rolling the dice, with the first person to collect all the characters to shout 'NATIVITY!'.

WHAT YOU'LL NEED

- Dice
- Scissors
